

The Rainbow Connection

October 2008

October is brimming with activities in Preschool 4!

We will learn about fall/autumn and smile ☺ for picture day. We will enjoy plenty of pumpkins and take a field trip to Cuff's pumpkin farm. We will discover how different colors are made. Finally, we will begin our food/supermarket unit and even have a field trip to the new Neenah Pick 'n Save. Wow, we are ready for a great October!

In the monthly calendar you will find important information. Please use this calendar as your Preschool 4 connection.

Monday	Wednesday	Friday

Our Bible verses this month will teach us that we have all sinned and need a Savior. We will be learning Romans 3:23 and Acts 16:31.

Please pray for our brimming month of October! Continue to pray for Preschool 4 routines and sense of belonging for each child.

Praising God for preschoolers,

Mrs. Ruth Foss
